■ Factory : Savar | ■ : Handicrafts Products

About us

Green Bangla Jute was founded in 2014 having company name, '**Green Bangla Jute BD**'; our vision is to produce eco-friendly products for a greener world and to support local community creating employment opportunities. The Artisans of our factory located in Savar is producing quality hand made and semi-handmade products for international market for many years. The continuous support from our valued customers from Europe, America, Türkiye, Japan and Middle East have energized us to become one of the major manufacturers and exporters of jute and seagrass made products in Bangladesh.

To keep demand and supply curve healthy in the global market and help growing Bangladesh economy, we have extended our capability initiating establishment of diversified Jute Spinning and Fabric Mill named '**Green Bangla Jute BD.**' in Savar Arapara Balur Mat , Bangladesh.

Our Strength

People is our main strength! The persons who are working here treated as 'Artisans', they are the main source of our energy. We are focused on women employment, 90% of workforce is women in our company including some partially disabled persons.

Apart from above, followings are the success driver:

- Skilled workforce
- Fully equipped factories and Mill
- Research and Development unit
- In-house material production
- In-house dyeing
- Strong technical team
- Full time power supply
